Course Code: DBNC-101

Title of the Course : National Cadet Corps

Course outcomes:

CO 1: Define thinking, reasoning, critical thinking and creative thinking

CO 2: To think critically about different life related issues.

CO 3: Think divergently and will try to break functional fixedness

CO4: Creatively in their real-life problems

B.A Semester II

Title of the Course: English (Core)

Course Code: BAEG-201

Course outcomes:

CO1: To enable the students acquire communication fluency.

CO2: To enhance the linguistic translation and vocabulary skills.

CO3: To develop command on the subject through various activities and competitions.

CO4: To acquaint the students with cultural and behavioral approaches for global competence.

Title of the Course: General Punjabi (Core)

Course Code: BAGP-202

Course Outcomes:

CO1: To enable the students acquire communication fluency.

CO2: To enhance the linguistic translation and vocabulary skills.

CO3: To develop command on the subject through various activities and competitions.

CO4: To acquaint the students with cultural and behavioural approaches.

Title of the Course: History and Culture of Punjab

Course Code: BAHC-203

Course outcomes:

CO1: To enhance the knowledge of students about the Sikh history of Punjab

CO2: To acquire General knowledge and subject expertise

CO3: To analyze the relation of the past with the present situations.

CO4: To get prepared for various competitive exams.

CO5: To develop analytical skills among them

Title of the Course: Political Science

Course Code: BAPS-204

Course outcomes:

CO1: Student will understand the evolution, scope and significance of international relations and the rise of sovereign state system

CO2: To analyse the history of international relations through the causes and phases of colonialism.

CO3: To appreciate the foreign policy, their determinants, features & its relevance.

CO4: To critically analyze the Indian's bilateral relations with major power and neighboring countries

Title of the Course: Elements of Public Administration

Course Code: BAPA-205

Course Outcomes:

CO1: To understand the nature and scope of Public Administration;

CO2: To appreciate the methodological pluralism and synthesizing nature of knowledge in Public Administration;

CO3: To comprehend the changing paradigms of Public Administration;

CO4: To acquaint with the theories, approaches, concepts and principles of Public Administration;

CO5: To understand the administrative theories and concepts to make sense of administrative practices.

CO6: To understand the role of public services in the emergence and development of Telangana state

Title of the Course: History

Course Code: BAHS-206

Course outcomes:

CO1: Understand the basic themes, concepts, chronology and the Scope of Indian History.

CO2: Be Acquaint with the range of issues related Indian History and its distinctive eras.

CO3: Understand the history of the countries other than India with comparative approach.

CO4: Think and argue historically and critically in writing and discussion.

CO5: To study further in the applied field of history as archaeology

Title of the Course: Sociology

Course Code: BASO-207

Course outcomes:

CO1: Students understand the discipline of sociology and the sociological perspective, and the contribution to our understanding of social reality.

CO2: Student will be able to describe how sociology differs from and is similar to other social sciences and give examples of these differences and similarities.

CO3: Student participates actively in civic affairs.

CO4: Student applies the sociological imagination and sociological concept and principles to her /his own life.

CO5: Student developed skills of social activity, social behaviour, conformity behaviour.

CO6: Students understand the role of social sciences in the development and wellbeing of individuals, families and communities, society.

Title of the course: Economics

Course Code: BAEC -208

Course Outcomes:

CO1: Understand basic concepts of economics.

CO2: Analyze economic behaviour in practice. Understand the economic way of thinking.

CO3: Analyze historical and current events from an economic perspective.

CO4: Write and discuss economical issue at national levels.

CO5: Find alternative approaches to economic problems through the exposure from the course work in allied fields.

CO6: Develop an ability to suggest solutions for various economic problems.

Title of the Course: Elective Punjabi

Course Code: BAEP-209

Course Outcomes:

CO1: Students become aware about structure of Punjabi language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Elective Hindi

Course Code: BAEH-210

Course outcomes:

CO1: Students become aware about structure of Hindi language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Elective English

Course Code: BAEE-211

Course outcomes:

CO1: Students become aware about structure of English language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Music (Vocal)

Course Code: BAMU-212

Course Outcomes:

CO1: The students will come to know what the basic terminologies of Indian music are, which will help the min the proper understanding of not just Hindustani music, but also Indian music as a whole.

CO2: Having understood the basic concepts like Laya , Tala and Alap ,the student will be on course to be coming a performing artiste in Hindustani music.

CO3: The students will develop the ability to sing basic alan karas, they will be introduced to Vilambit khayal which is the most important and popular form of Hindustani Vocal Music.

CO4: They will grasp the various theoretical aspects of the prescribe dragas, like how itarises, what are the general grammatical rules that govern the ragas in this course, etc.

CO5: They will come to understand the concept of Taal and the use of various taalas in Hindustani music, especially ragas.

Title of the Course: Geography

Course Code: BAGP-214

Course outcomes:

CO1: Study the types of land and processes.

CO2: Understand the structure, composition of different spheres of the earth and its Atmosphere.

CO3: Understand importance of oceans, rivers and water and find the ways of their conservation.

CO4: Understand the Function and types of Bio geography.

Title of Course: Psychology

Course Code: BAPC-216

Course Outcomes:

CO1: Demonstrate an understanding of the foundational concepts of the human mind and behavior

CO2: Understand the structure and function of nervous systems.

CO3: Demonstrate comprehension of the theoretical concepts of emotion and motivation including the influencing factors.

CO4: Able to identify various approaches and factors affecting personality and intelligence

Title of the Course: Physical

Education Course Code: BAPE-218

Course Outcomes:

CO1: Students will demonstrate exercises that will develop strength and cardio vascular fitness.

CO2: Students will use basic principles of health and wellness to develop an informed, personal approach to mental and physical health

CO3: Students will demonstrate basics of nutrition as applied to sports

CO4: Students will understand basic principles of anatomy, physiology, and /or bio mechanics and apply the knowledge to movement activity

CO5: Students will identify how yoga issued to maintain awareness, flexibility and relaxation.

Title of the Course: Fine Arts (Drawing and Painting)

Course Code: BAFA-220

Course Outcomes:

CO1: Demonstrate a comprehensive understanding of the history of art and aesthetics theoretically

CO2: Understand the nature of time, space, colour, form, tone and texture

CO3: Critically evaluate masters as well as contemporary artists

CO4: Create their own works of art using arrange of methods and materials

CO5: Execute art projects independently

Title of the Course: Computer Science

Course Code: BACS-222

Course Outcomes:

CO1: Understanding the fundamental hard ware and software components that make up a computer.

CO2: Understanding the difference between an operating system and application program and what each is used for in a computer

CO3: Using the characteristics of an object-oriented programming language in a program.

CO4: Using the basic object-oriented design principles in computer problem solving.

CO5: Knowing the design and implement relational data base.

Course Code: DBED-101

Title of the Course: EDP-I

Course Outcomes:

CO1: Gain an understanding of Entrepreneurship, its types and basic requirements.

CO2: Appreciate significant contributions of local communities to Indian society and economy.

CO3: Learn to analyze and channelize own skill.

CO4: Identify opportunities for contribute to community's socio-economic improvements

Course Code: DBES-101

Title of the Course: EVS

Course Outcomes:

CO1: Articulate the interdisciplinary context of environmental issues.

CO2: Identify and justify key stakeholders in humanities and social sciences that need to be a part of sustainable solutions.

CO3: Formulate an action plan for sustainable alternatives that integrate science, humanist, and social perspectives.

CO4: Students will be able to explain why chemistry is an integral activity for addressing social, economic, and environmental problems.

Course Code: DBNC-102

Title of the Course: National Cadet Corps

Course Outcomes:

- CO 1: Perform foot drill gracefully.
- CO 2: Give and follow the different word of command.
- CO 3: Fire a weapon effectively with fair degree of marksmanship.
- CO 4: Do the social service and feel connected with social problems

B.A Semester-III

Title of the Course: English (Core)

Course Code: BAEG-301

Course outcomes:

- CO1: To enable the students acquire communication fluency.
- CO2: To enhance the linguistic translation and vocabulary skills.
- CO3: To develop command on the subject through various activities and competitions.
- CO4: To acquaint the students with cultural and behavioral approaches for global competence.

Title of the Course: General Punjabi (Core)

Course Code: BAGP-302

Course Outcomes:

- CO1: To enable the students acquire communication fluency.
- CO2: To enhance the linguistic translation and vocabulary skills.
- CO3: To develop command on the subject through various activities and competitions.
- CO4: To acquaint the students with cultural and behavioural approaches.

Title of the Course: History and Culture of Punjab

Course Code: BAHC-303

Course outcomes:

- CO1: To enhance the knowledge of students about the Sikh history of Punjab
- CO2: To acquire General knowledge and subject expertise
- CO3: To analyze the relation of the past with the present situations.
- CO4: To get prepared forth various competitive exams.
- CO5: To develop analytical skills among them

Title of the Course: Political Science

Course Code: BAPS-304

Course outcomes:

- CO1: Student will understand the evolution, scope and significance of international relations and the rise of sovereign state system
- CO2: To analyse the history of international relational through he causes and phases of colonialism.
- CO3: To appreciate the foreign policy their determinants features & its relevance.
- CO4: To critically analyze the Indian's bilateral relations with major power and neighboring countries

Title of the Course: Elements of Public Administration**Course Code: BAPA-305****Course Outcomes:**

CO1: To understand the nature and scope of Public Administration;

CO2: To appreciate the methodological pluralism and synthesizing nature of knowledge in Public Administration;

CO3: To comprehend the changing paradigms of Public Administration;

CO4: To acquaint with the theories, approaches, concepts and principles of Public Administration;

CO5: To understand the administrative theories and concepts to make sense of administrative practices

CO6: To understand the role of public services in the emergence and development of Telangana state

Title of the Course: History**Course Code: BAHS-306****Course outcomes:**

CO1: Understand the basic themes, concepts, chronology and the Scope of Indian History.

CO2: Be Acquaint with the range of issues related Indian History and its distinctive eras.

CO3: Understand the history of the countries other than India with comparative approach.

CO4: Think and argue historically and critically in writing and discussion.

CO5: To study further in the applied field of history as archaeology

Title of the Course: Sociology**Course Code: BASO-307****Course outcomes:**

CO1: Students understand the discipline of sociology and the sociological perspective, and the contribution to our understanding of social reality.

CO2: Student will be able to describe how sociology differs from and is similar to other social sciences and give examples of these differences and similarities.

CO3: Student participates actively in civic affairs.

CO4: Student applies the sociological imagination and sociological concept and principles to her /his own life.

CO5: Student developed skills of social activity, social behavior, conformity behavior.

CO6: Students understand the role of social sciences in the development and wellbeing of individuals, families and communities, society.

Title of the course: Economics**Course Code: BAEC-308****Course Outcomes:**

CO1: Understand basic concepts of economics.

CO2: Analyze economic behaviour in practice. Understand the economic way of thinking.

CO3: Analyze historical and current events from an economic perspective.

CO4: Write and discuss economical issue at national levels.

CO5: Find alternative approaches to economic problems through the exposure from the course work in allied fields.

CO6: Develop an ability to suggest solutions for various economic problems.

Title of the Course: Elective Punjabi

Course Code: BAEP-309

Course Outcomes:

CO1: Students become aware about structure of Punjabi language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Elective Hindi

Course Code: BAEH-310

Course outcomes:

CO1: Students become aware about structure of Hindi language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Elective English

Course Code: BAEE-311

Course outcomes:

CO1: Students become aware about structure of English language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Music (Vocal)

Course Code: BAMU-312

Course Outcomes:

CO1: The students will come to know what the basic terminologies of Indian music are which will help the gain the proper understanding of not just Hindustani music, but also Indian music as a whole.

CO2: Having understood the basic concepts like Laya , Tala and Alap ,the student will be on course to become a performing artiste in Hindustani music.

CO3: The students will develop the ability to sing basic Alankaras, they will be introduced to Vilambit khayal which is the most important and popular form of Hindustani Vocal Music.

CO4: They will grasp the various theoretical aspects of the prescribe ragas, like how itarises, what are the general grammatical rules that govern the ragas in this course, etc.

CO5: They will come to understand the concept of Taal and the use of various taalās in Hindustani music, especially ragas.

Title of the Course: Geography

Course Code: BAGP-314

Course outcomes:

CO1: Study the types of land and processes.

CO2: Understand the structure, composition of different spheres of the earth and its Atmosphere.

CO3: Understand importance of oceans, rivers and water and find the ways of their conservation.

CO4: Understand the Function and types of Bio geography.

Title of Course: Psychology

Course Code: BAPC-316

Course Outcomes:

CO1: Demonstrate an understanding of the foundational concepts of the human mind and behavior

CO2: Understand the structure and function of nervous systems.

CO3: Demonstrate comprehension of the theoretical concepts of emotion and motivation including the influencing factors.

CO4: Able to identify various approaches and factors affecting personality and intelligence

Title of the Course: Physical Education

Course Code: BAPE-318

Course Outcomes:

CO1: Students will demonstrate exercises that will develop strength and cardio vascular fitness.

CO2: Students will use basic principles of health and wellness to develop an informed, personal approach to mental and physical health

CO3: Students will demonstrate basics of nutrition as applied to sports

CO4: Students will understand basic principles of anatomy, physiology, and /or bio mechanics and apply the knowledge to movement activity

CO5: Students will identify how yoga issued to maintain awareness, flexibility and relaxation.

Title of the Course: Fine Arts (Drawing and Painting)

Course Code: BAFA-320

Course Outcomes:

CO1: Demonstrate a comprehensive understanding of the history of art and aesthetics theoretically

CO2: Understand the nature of time, space, colour, form, tone and texture

CO3: Critically evaluate masters as well as contemporary artists

CO4: Create their own works of art using arrange of methods and materials

CO5: Execute art projects independently

Title of the Course: Computer Science

Course Code: BACS-322

Course Outcomes:

CO1: Understanding the fundamental hardware and software components that make up a computer.

CO2: Understanding the difference between an operating system and application program and what each is used for in a computer

CO3: Using the characteristics of an object-oriented programming language in a program.

CO4: Using the basic object-oriented design principles in computer problem solving.

CO5: Knowing the design and implement relational data base.

Course Code: DBSS-102

Title of the Course: Soft Skills-II

Course Outcomes

CO1: The course will skill the student to learn Effective Communication, writing skills in English and Listening Skills.

CO2: To address various challenges of communication as well as behavioral skills faced by individual at work place and organizations.

CO3: This course will help the student gain Emotional maturity and Emotional health.

CO4: To enhance the employability of the students.

Course Code: DBCE-101

Title of the Course: Community Engagement

Course Outcomes:

CO1: To develop an appreciation of rural culture, life-style and wisdom amongst students

CO2: To learn about the status of various agricultural and rural development programmes

CO3: To understand causes for rural distress and poverty and explore solutions for the same

CO4: To apply class room knowledge of courses to field realities and there by improve quality of learning.

Course Code: DBNC-103

Title of the Course: National Cadet Corps

Course Outcomes:

CO1: Admire and get inspired from the accomplishments of leaders from various walks of life.

CO 2: Develop public speaking skills.

CO3: Appreciate the need & requirement for disaster management and his role in disaster management activities.

CO 4: Know the history & geographical peculiarity of our borders & coastal regions

B.A Semester-IV

Title of the Course: English (Core)

Course Code:BAEG-401

Course outcomes:

CO1: To enable the students acquire communication fluency.

CO2: To enhance the linguistic translation and vocabulary skills.

CO3: To develop command on the subject through various activities and competitions.

CO4: To acquaint the students with cultural and behavioral approaches for global competence.

Title of the Course: General Punjabi (Core)

Course Code: BAGP-402

Course Outcomes:

CO1: To enable the students acquire communication fluency.

CO2: To enhance the linguistic translation and vocabulary skills.

CO3: To develop command on the subject through various activities and competitions.

CO4: To acquaint the students with cultural and behavioural approaches.

Title of the Course: History and Culture of Punjab

Course Code: BAHC-403

Course outcomes:

CO1: To enhance the knowledge of students about the Sikh history of Punjab

CO2: To acquire General knowledge and subject expertise

CO3: To analyze the relation of the past with the present situations.

CO4: To get prepared forth various competitive exams.

CO5: To develop analytical skills among them

Title of the Course: Political Science

Course Code: BAPS-404

Course outcomes:

CO1: Student will understand the evolution, scope and significance of international relations and the rise of sovereign state system

CO2: To analyse the history of international relational through he causes and phases of colonialism.

CO3: To appreciate the foreign policy their determinants features & its relevance.

CO4: To critically analyze the Indian's bilateral relations with major power and neighboring countries

Title of the Course: Elements of Public Administration

Course Code: BAPA-405

Course Outcomes:

CO1: To understand the nature and scope of Public Administration;

CO2: To appreciate the methodological pluralism and synthesizing nature of knowledge in Public Administration;

CO3: To comprehend the changing paradigms of Public Administration;

CO4: To acquaint with the theories, approaches, concepts and principles of Public Administration;

CO5: To understand the administrative theories and concepts to make sense of administrative practices

CO6: To understand the role of public services in the emergence and development of Telangana state

Title of the Course: History

Course Code: BAHS-406

Course outcomes:

- CO1: Understand the basic themes, concepts, chronology and the Scope of Indian History.
- CO2: Be Acquaint with the range of issues related Indian History and its distinctive eras.
- CO3: Understand the history of the countries other than India with comparative approach.
- CO4: Think and argue historically and critically in writing and discussion.
- CO5: To study further in the applied field of history as archaeology

Title of the Course: Sociology

Course Code: BASO-407

Course outcomes:

- CO1: Students understand the discipline of sociology and the sociological perspective, and the contribution to our understanding of social reality.
- CO2: Student will be able to describe how sociology differs from and is similar to other social sciences and give examples of these differences and similarities.
- CO3: Student participates actively in civic affairs.
- CO4: Student applies the sociological imagination and sociological concept and principles to her /his own life.
- CO5: Student developed skills of social activity, social behavior, conformity behavior.
- CO6: Students understand the role of social sciences in the development and well being of individuals, families and communities, society.

Title of the course: Economics

Course Code: BAEC -408

Course Outcomes:

- CO1: Understand basic concepts of economics.
- CO2: Analyze economic behaviour in practice. Understand the economic way of thinking.
- CO3: Analyze historical and current events from an economic perspective.
- CO4: Write and discuss economical issue at national levels.
- CO5: Find alternative approaches to economic problems through the exposure from the course work in allied fields.
- CO6: Develop an ability to suggest solutions for various economic problems.

Title of the Course: Elective Punjabi

Course Code: BAEP-409

- CO1: Students become aware about structure of Punjabi language.
- CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.
- CO3: Students are introduced to appropriate literary strategies to read literature.
- CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Elective Hindi

Course Code: BAEH-410

Course outcomes:

- CO1: Students become aware about structure of Hindi language.
- CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.
CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Elective English

Course Code: BAEE-111

Course outcomes:

CO1: Students become aware about structure of English language.
CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.
CO3: Students are introduced to appropriate literary strategies to read literature.
CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Music (Vocal)

Course Code: BAMU-412

Course Outcomes:

CO1: The students will come to know what the basic terminologies of Indian music are which will help the min the proper understanding of not just Hindustani music, but also Indian music as a whole.

Title of the Course: Elective Punjabi

Course Code: BAEP-509

Course Outcomes:

CO1: Students become aware a bout structure of Punjabi language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from or dinary language

Title of the Course: Elective Hindi

Course Code: BAEH-510

Course outcomes:

CO1: Students become aware about structure of Hindi language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Elective English

Course Code: BAEE-511

Course outcomes:

CO1: Students become aware about structure of English language.

CO2: They can read and appreciate various forms of literature and critically interact with them from different perspectives.

CO3: Students are introduced to appropriate literary strategies to read literature.

CO4: Student can understand how far literary language deviates from ordinary language

Title of the Course: Music (Vocal)

Course Code: BAMU-512

Course Outcomes:

CO1: The students will come to know what the basic terminologies of Indian music are which will help the min the proper understanding of not just Hindustani music, but also Indian music as a whole.

CO2: Having understood the basic concepts like Laya, Tala and Alap ,the student will be on

course to be coming a performing artiste in Hindustani music.

CO3: The students will develop the ability to sing basic alan karas, they will be introduced to Vilambit khayal which is the most important and popular form of Hindustani Vocal Music.

CO4: They will grasp the various theoretical aspects of the prescribe dragas, like how itarises, what are the general grammatical rules that govern the ragas in this course, etc.

CO5: They will come to understand the concept of Taal and the use of various taalas in Hindustani music, especially ragas.

Title of the Course: Geography

Course Code: BAGP-514

Course outcomes:

CO1: Study the types of land and processes.

CO2: Understand the structure, composition of different spheres of the earth and its Atmosphere.

CO3: Understand importance of oceans, rivers and water and find the ways of their conservation.

CO4: Understand the Function and types of Bio geography.

Title of Course: Psychology

Course Code: BAPC-516

Course Outcomes:

CO1: Demonstrate an understanding of the foundational concepts of the human mind and behavior

CO2: Understand the structure and function of nervous systems.

CO3: Demonstrate comprehension of the theoretical concepts of emotion and motivation including the influencing factors.

CO4: Able to identify various approaches and factors affecting personality and intelligence

Title of the Course: Physical

Education Course Code: BAPE-518

Course Outcomes:

CO1: Students will demonstrate exercises that will develop strength and cardio vascular fitness.

CO2: Students will use basic principles of health and wellness to develop an informed, personal approach to mental and physical health

CO3: Students will demonstrate basics of nutrition as applied to sports

CO4: Students will understand basic principles of anatomy, physiology, and /or bio mechanics and apply the knowledge to movement activity

CO5: Students will identify how yoga issued to maintain awareness, flexibility and relaxation.

Title of the Course: Fine Arts (Drawing and Painting)

Course Code: BAFA-520

Course Outcomes:

CO1: Demonstrate a comprehensive understanding of the history of art and aesthetics theoretically

CO2: Understand the nature of time, space, colour, form, tone and texture

CO3: Critically evaluate masters as well as contemporary artists

CO4: Create their own works of art using arrange of methods and materials

CO5: Execute art projects independently

Title of the Course: Computer Science

Course Code: BACS-522

Course Outcomes:

CO1: Understanding the fundamental hard ware and software components that make up a computer.

CO2: Understanding the difference between an operating system and application program ,and what each is used for in a computer

CO3: Using the characteristics of an object-oriented programming language in a program.

CO4: Using the basic object-oriented design principles in computer problem solving.

CO5: Knowing the design and implement relational data base.

Course Code: DBSS-103

Title of the Course: Soft Skills-III

Course Outcomes

CO1: The course aims at the key areas like conversation skills, group skills and persuasion skills required during the interview process in an organization
