Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		The Timetable Committee headed by the concerned Directors/HOD/Inchages and a senior Faculty Member draws up a detailed timetable which efficiently deploys the units of time for academic and co-curricular purposes as for example, theory, practical, tutorial, ICT, life-skill, value education and add-on classes thereby ensuring a balance between the different types of engagement a student is expected to participate in. The departments strive for effective curriculum delivery through a combination of time tested and innovative methods: beginning with an entry-point assessment of the student's aptitude and expectations relating to the course, and proceeding according to a set of teaching plans based on an academic calendar detailed enough to cover the available timeframe, yet flexible enough to permit changes. The teaching plans consist of detailed apportionment of the syllabus among all the faculties of a particular department. The apportioning is done democratically through discussion and deliberations among faculties in departmental meeting. Faculty members take utmost care to complete the syllabus in time. Tutorials/projects, class tests and internal assessments comprise the formal evaluative processes, but students are encouraged to meet faculty beyond classroom hours. Extra hours are devoted to take remedial classes. Periodic meeting of IQAC take stock of the progress of teaching learning, among other things and meeting of Department with concerned Directors/HOD/Inchages and parent-teacher meeting are other forums where progress of the delivery of curriculum are regularly monitored and necessary course corrections are initiated. Students can observe, analyse and gain insight into various intricate aspects of their syllabus, much attention is paid to experiential learning and also are exposed to film shows to supplement class room teaching. The university is well equipped with smart class rooms, virtual class rooms, audio-visual and other ICT facilities which are extensively used by teachers in day to day teaching to make delivery of the curriculum attractive to students. Interactive teaching is promoted through students participation in group discussions, quizzes and seminar, Special lectures delivered by eminent scholars on topic related to the curriculum further intensify students learning experience.	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0
