DESH BHAGAT UNIVERSITY

CENTRE FOR ADVANCED DATA ANALYTICS (CADA)

(ADVANCING RESEARCH THROUGH DATA-DRIVEN INSIGHTS)

Desh Bhagat University (DBU), Mandi Gobindgarh, with Ph.D. programmes in 50+ disciplines, has established the Centre for Advanced Data Analytics (CADA) as a catalyst for research innovation and academic excellence. By leveraging cutting-edge statistical, computational, and data analytics methodologies, CADA empowers researchers to generate impactful discoveries, drive evidence-based solutions, and advance interdisciplinary scholarship. Its vision is to transform data into knowledge, knowledge into innovation, and innovation into global research excellence. The mission of this centre is Transforming Data into Research Excellence.

OBJECTIVES OF THE CENTRE:

- Scientific guidance and support in data analysis
- Training in modern analytical tools and techniques
- Enhanced publication quality in Scopus-indexed and high-impact journals
- Promotion of open-source technologies, including Python
- Support for interdisciplinary research

SERVICES & FACILITIES

- Data analysis for Ph.D. thesis, Post-Doctoral research, Master's dissertations, and funded projects
- Statistical analysis, machine learning, predictive modeling, and data visualization
- Advanced analytics using Python and other open-source platforms
- Expert faculty support in analytics, statistics, and research methodology
- Standardized, reliable, and affordable analytical services approved by the University

WHO CAN BENEFIT?

DBU Scholars / External Ph.D. Scholars / Post-Doctoral Researchers / Master's Students / Faculty Researchers
